Small Guided Vacation

7-Night Tantalizing Tuscany

Experience beauty, heritage, and bounty with this tantalizing tour of Italy's distinctive villages, cities, and country charm. Your travels begin in Florence, heart of romantic Tuscany. We'll gather at our hotel for a luscious meal and lively conversation. On our first full day, a local guide will give us the highlights of Florence as well as the hidden gems. Then, we head to medieval Lucca, home of Puccini. After walking the cobblestone streets, you'll understand why he was inspired to create beauty!

You've dreamed about pastel-colored villages clinging to the bluffs above the dazzling Mediterranean; this is your chance to immerse yourself in the wonder of this UNESCO World Heritage Site. Afterward, we return to Lucca before heading to the classic, and quirky, Leaning Tower of Pisa. We'll have plenty of time to explore the mysteries of this medieval center.

San Gimignano is a brilliant town with a legendary piazza, architecture, and winding lanes. We'll meet a gelato maker and then indulge in Tuscan wine tasting. Glorious Siena is a secret tucked in the hills, and from there we journey to Pienza. This is an enchanted village, and we're privy to handcrafted cheese, world-class wines, and stunning views of Tuscany. In Chianti, delight in an authentic regional cooking class. We end the day together, dining, and recalling the favorite parts of this exceptional tour. This is the tour that will renew your spirits!
